

Clothing Policy

Hob Green recommends that the following items of clothing are required to ensure that the Forest School sessions can go ahead whatever the weather, ensuring that the children are suitably dressed for any weather conditions. Hob Green will supply the waterproof trouser and jackets. Please note that even on hot days children's legs and feet should be completely covered, due to the nature of the terrain at Forest Schools. **NO SHORTS OR OPEN SHOES.** Sensible shoes with socks must be worn, i.e. wellies or ankle boots. Please note that wellies should be brought in a separate carrier bag as they are not suitable for the whole school day and get very muddy during the sessions. We need to be able to change the children's footwear before and after Forest Schools. The children can leave a pair of boots or wellies in school especially for Forest Schools if you would prefer this.
